## Parcel Post Service Must Perform Herculean Task in Next Four Weeks

Extraordinary Preparations Made by Postmaster General to Prevent Congestion of Immense Mass of Christmas Gifts in the Mails.

[Special Correspondence to the Herald]

Washington, Dec. 2.—During the next four weeks Uncle Sam's infant prodigy—the parcel post service—will be called upon to perform a herculean task in connection with the transportation and delivery of millions of Christmas gifts. Postmaster General Burleson, who is responsible for the conduct of this service, has made extraordinary preparations to prevent congestion in postoffices and to insure prompt delivery of these parcels. Several thousand additional employees will be added to the force during the holiday season, and the collection and delivery equipment will be augmented wherever necessary. Every possible effort has been made to strengthen these parts of the postal organization which will be under the greatest strain and Mr. Burleson stated today that with these special arrangements he is confident of the ability of the service to handle successfully the avalanche of parcels that will be thrown upon it during the rush period.

The postmaster general is anxious, however, lest the public fail to cooperate with him in observing certain important conditions necessary to enable the postal authorities to effect the timely delivery of Christmas gifts. In order to secure this cooperation he has caused to be printed for distribution throughout the country hundreds of thousands of circulars and placards containing directions for the proper preparation of Christmas gifts for transmission by mail.

Christmas parcels should be mailed early. For local delivery they should be mailed not later than December 23rd and for out-of-town delivery as early as possible, but in any event in time to reach the office of destination at least two days prior to Christmas.

Christmas gifts sent by mail should be wrapped securely. The containers or wrappers should be sufficiently strong to withstand the necessary handling incident to transportation and delivery.

Glassware, crockery, Christmas toys easily breakable, glass framed pictures, etc., should be carefully packed in boxes of metal, wood, leather, or corrugated cardboard with sufficient excelsior, raw cotton, or similar matter to prevent the contents from coming into contact with any portion of the box. These parcels should be marked "FRAGILE." Postmasters will refuse to accept for mailing packages that are insecurely prepared.

Parcels should be addressed plainly. The addresses should be com-

plete and plainly written in ink. The regulations require that parcel post packages shall bear the names and addresses of both the sender and the addressee. If a tag is used the names and addresses of the sender and the addressee should also be written on the parcel itself.

Parcels sent in advance of Christmas may be marked "Not to be opened until Christmas," or some similar direction. Written or printed messages such as "Merry Christmas," "Best Wishes," etc., may be inclosed in parcels but no other written or printed communication should be placed therein, as this will subject the parcel to a higher rate of postage. Parcels should not be sealed or otherwise closed against inspection. Sealed parcels are subject to the first-class rate of postage.

Photographs, printed books, and other printed matter are not included in the parcel post but are third-class matter on which the postage rate is one cent for each two ounces or fraction thereof.

Parcels not exceeding four ounces in weight may be mailed in street boxes when prepared in conformity with the foregoing requirements. The postage on such packages is uniformly one cent for each ounce or fraction thereof. Parcels weighing more than four ounces are mailable only at the main postoffice or its stations.

Ordinary postage stamps are valid for postage on parcel post matter.

Christmas stamps or stickers of any kind other than postage stamps should not be placed on the address side of mail matter as this renders such matter unmailable.

Valuable parcel post packages may be insured against loss in an amount not exceeding \$25 on a payment of a fee of five cents in addition to the postage, and for a fee of ten cents such packages will be insured in any amount not exceeding \$50.

## ASK CITY TO BUY A MODERN GARBAGE INCINERATOR

Proposed Plant Would Cost \$4,500 and Would Burn 5 Horses at Cost of \$1.50 for Fuel.

John Baron Burg and his business partner Addison Hall have brought before the city authorities and the council a proposal that the city buy a modern New York incinerator, said to be the latest word in modern garbage destruction. The plant, a patented affair, costing \$4,500 and manufactured at Long Beach, California, has a capacity for the destruction of five dead horses at one time, destroying the carcasses within four hours and at a cost of \$1.50 for fuel. It is said to be absolutely odorless and a great saving over the plant now in use by the city. At present there is no provision for the destruction of dead animals. When a horse dies it must be hauled out to the sand hills and buried at a cost of usually five dollars; dogs, cats, etc., being buried at less cost. With the new plant it is stated that absolutely all garbage and carcasses can be destroyed, the only cost being for gathering garbage and for fuel, the plant being guaranteed as practically indestructible. No action has been taken in the matter by the city, plans photographs and descriptions of the plant being under consideration. The matter was laid before the council by Messrs. Burg and Hall at last night's meeting and was referred to the finance committee and the board of health.

## WHITE WOLF AND 1,000 BRIGANDS THIRST FOR BLOOD

American and Norwegian Missionaries in Northern Chinese Provinces Suffer Great Privation Among Barbarians.

## GRAPHIC STORY OF TERRIBLE EXPERIENCE

(By Associated Press.)

Peking, Dec. 2.—The American and Norwegian missionaries who last month were prisoners in the hands of "White Wolf" and his band of one thousand brigands in Northern Hupeh, suffered great privation and often were exposed to extreme danger. For days they were separated from their families, with no knowledge of the safety of their wives and children, suffering the pangs of hunger and thirst. Two men missionaries lay in hiding within a few feet of a group of bandits and heard their death plans in case they were found.

The Rev. H. S. Franske, a Norwegian member of the Lutheran Brethren Mission, speaks as follows of his experiences:

"The robbers broke into our mission compound early on the morning of September 26. They were dressed in silks and satins and had silk girdles hanging almost to the ground. Each carried a rifle and revolver. About five or six men pointed their rifles at myself and the Rev. George Holm, an American, and demanded silver money, our other valuables, and that we give them our guns or revolvers. Mr. Holm had no weapons and I had only one revolver, which I gave up.

"Then they took Mr. Holm captive and went away with him. Later fifteen or twenty more bandits appeared, demanding silver, and, because we did not have any, took me prisoner. They demanded twenty rifles of me, but of course I had none. They insisted that I manufacture rifles, as I was a foreigner, and therefore able to do so.

"On the 27th the robbers allowed me to go back to the mission station to secure food for my wife and children, but upon arrival at the station I could find no trace of my family. I did, however, meet Mr. Holm, who also had secured permission from his captors to return and look after his family.

"Everything in the mission had been destroyed, and all food, clothing and movables had been stolen.

"Mr. Holm and I went into the streets to try to find our families, but our search was fruitless.

"At this time the Chinese troops, which had arrived at Tsingyang started to attack the robbers by firing from outside the city walls. The shots whistled through the streets in which we were, scattering us against the buildings. This alarmed the robbers, who immediately started for another part of the city. We took advantage of the opportunity to make our escape, and fled to an old Chinese house which at that moment was vacant.

"We ran into a side room and hid ourselves in a pile of old wheat straw. No sooner were we concealed than the robbers came and began their search for us. They pulled the straw about, jumped on top of it and ran their bayonets through it time and again. The bayonets just missed me.

"For four days the robbers lived in the same house, in a room opposite to us. For three days and nights we were without water and food. We hardly slept for eleven days and nights, for the robbers were all that time in the same house, most of the time in the adjoining room. "They were smoking opium and we frequently heard them say that when they caught us they would kill us. The only time we could move a muscle was when a pig moved about, rustling the straw in which we were hidden, or when the rats scampered through it. We were almost choked with the dust in the straw, and suffered from the burning in our

## STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used.

After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. R. C. 12

throats, noses and eyes. I chewed on my handkerchief for half a day in an attempt to moisten my mouth. When I could stand it no longer I crawled out of the straw in the night, and groped about until I found about a cupful of water which I drank with eagerness. It was dirty water left in a wash tub, but it revived me and my heart began to work better.

"That morning the owner of the house, a Mr. Wang, who was treated as a slave by the robbers, came in to hide clothing in the straw where we were concealed. We spoke to him and he was started at finding us there. He promised not to tell where we were, and gave us water to drink and some cold rice to eat. He did get some opportunity to give us more then, on account of the presence of the robbers, but each day after that we got from him a little rice and water, enough to keep us alive.

"The last day but one that we were in the straw Wang found out and told us that our families were in the Yamen, where the robbers had made their headquarters. Of course we were very anxious, for we did not even then know whether they had food or not, or whether they were being well treated, and no message could be sent to them.

"Professor Christian Stokstad and Dr. Johnson came to Tsingyang on October 3, and on order of Vice President Li Yuan Heng, took command of the troops. If this band of robbers arrived the city would have been burned and we all would have perished.

"The nights of October 4, 5 and 6 the robbers tried to escape from the city and pass the troops, but were driven back. October 7 they managed to get by the Nanyangtzu troops, who did not do their duty.

"About 400 of the robbers were killed in Tsingyang. They murdered no less than two thousand people in the city.

"On the morning of October 7 Wang took Mr. Holm's card to his wife, who had already returned from the Yamen to the mission station, and as soon as she answered we were back to the station. The adviser to 'White Wolf' had assisted the women inasmuch as he did not allow any of the robbers to go into the Yamen and do them harm. A native of Tsingyang, who was in the Yamen, gave them food.

"It was impossible to remain at the mission on account of the stench rising from the dead bodies lying around, so we left the next day for Fancheng with an escort of troops. We were all in a very weakened condition and could hardly stand. Mr. and Mrs. Holm and child and Miss Selmer, also an American, all of whom are in a serious state of health from the shock and terrible exposure, will leave shortly for the United States."

## MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their effort to expel it from the blood. They become sluggish and weaken, then you suffer with a dull aching in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's uric acids, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, and to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; can not injure, and makes a delightful effervescent lithia-water drink.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a peaceful sleep." Mrs. Nancy M. Hanson, Hamburg, N. Y.

## MAY PAVE CENTRAL FROM SIXTH TO FOURTEENTH

Petition Now Being Circulated to Complete Main Avenue With Bitulithic to the City Limits.

A petition was put in circulation yesterday having for its object the paving of Central avenue from Sixth street to Fourteenth street, the city limits. ## TWO MILLION MILES MADE ON TIME BY SANTA FE

Four California Trains Travel Equivalent of 85 Times Around the Earth in Past Four Months.

A total of 2,135,823 miles, or eighty-five times around the earth at the equator, was traveled by the California limited and California trains numbers 1, 7 and 9 on the Santa Fe during the past four months, according to a unique circular now being distributed by the company as an advertisement of its transcontinental service. The California limited, it is claimed, traveled the equivalent of 21 times around the equator absolutely on time. It arrived on time at Los Angeles and Chicago terminals 236 out of a possible 246 times. It ran 334,085 miles on the dot, while for the same period the company's three other California trains each averaged 339,583 miles on time. This remarkable record, says the circular, "was negotiated on a 2,262 mile run, crossing four continental mountain ranges, in all kinds of weather, requiring 17 engines each trip. It was made possible by a perfect roadbed, hundreds of miles of double track, high class steel equipment, powerful engines, block signal safeguards and teamwork."

## CHILDREN HATE OIL. CALOMEL AND PILLS

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physics simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy, they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

the institution's books. His bail was increased to \$10,000 after a motion for a new trial had been filed by his attorneys.

The above dispatch from Pittsburgh will be of considerable interest to Albuquerque people, recalling as it does one of the chapters in the long history of unsuccessful attempts to finance and build the Albuquerque Eastern railroad and to connect Albuquerque with the New Mexico Central. Richmond, organizing the Richmond Construction company to complete the road, part of the grading for which had been done. He moved an expensive office force and much equipment to Albuquerque and along the survey, set up house keeping in Albuquerque on an elaborate scale and for a time cut a wide swath in local business and social circles. His company eventually was forced into a receivership, marking the end of active work on the proposed Eastern railroad. Since leaving Albuquerque Richmond has been almost constantly in the courts. The case in which he was found guilty yesterday has been pending since the failure of the Champlain National bank.

## Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Stork.

The old saying—what is home without a Mother—should add "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, happy disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes plain those ribs and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, acts quickly and not only hastens all distress in advance, but assures a speedy and complete recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the rearing of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle, and is really one of the greatest blessings ever discovered for expectant mothers. ## A Letter From Grace Kinnecott Famous Star of "The Rose Maid"

November 29, 1913.

ROSENWALD BROTHERS,  
Albuquerque, New Mexico.

Gentlemen:—

Please place in my suite at the Alvarado Hotel one of your Victrolas that I may have the pleasure of its use during my engagement with the ROSE MAID COMPANY, at the Elks' Theatre on Saturday, December 6th.

I would greatly appreciate, if you would include among the selection of records those from "The Rose Maid," as well as the celebrated Red Seal records, as it is the only opportunity I have of hearing the famous operatic stars.

Very truly yours,

GRACE KINNECOTT.
